Att.: Henrik Lund-Nielsen

Sample lab no. 06-1066.

We hereby confirm that we have analysed sample no. 06-1066 which is named "recycled gypsum powder" from your company. According to our laboratory test of sample no. 06-1066 we found 8440 mg/kg TOC (Total Organic Carbon), corresponding to a content of 0,84% organic carbon in the powder.

Yours sincerely

Sven-Erik Lykke  
Head of laboratory
